Exempt certificates are issued in accordance of paragraph 4 of the BEE codes of good practice 9 February 2007 We have performed certain procedures for the period ending February 2016 to determine turnover levels.

According to the financial statements of Stainless Trading (Cape) (Pty) Ltd the current turnover level is less than R10 million. Although this is the current level of turnover and is closely related to existing economic indicators it may be more or less in the future. Consequently this Certificate does not serve as a guarantee that the turnover levels will continue at the same level.
